17 October 1968

MEMORANDUM FOR THE RECORD

SUBJECT: Meeting at NPIC on 17 October 1968

1. A meeting was held at NPIC from 10:15 A.M. to 11:45 A.M. on 17 October 1968 to give answers to NPIC questions relating to the Optical Bar camera's panoramic geometry; mounting geometry; means, methods and accuracies of attitude reporting, V/H sensors, etc. NPIC will utilize some of the data to develop their math model for the Optical Bar camera (IRIS II).

2. In addition to the undersigned, the following personnel participated in the meeting:

3. Both the undersigned and Itek personnel indicated to NPIC after the initial rundown of NPIC questions that many of the questions being asked by NPIC were answered in earlier meetings held at NPIC. NPIC, indicated this was true but some of the interested NPIC personnel did not attend those meetings.

4. At the close of this session, the undersigned summarized the meeting and asked NPIC personnel if they had all answers to their questions. Their answer was in the affirmative.

5. The meeting was productive; however, the writer believes after NPIC has had an opportunity to review their notes and the few handouts given to them by Itek, another meeting will be required in the future.
